

THE Gleichen Call

Fifteenth Year, No. 18

GLEICHEN, ALBERTA, WEDNESDAY, JULY 20, 1921

Subscription \$2.00 a Year

**Chautauqua Opens
This Afternoon**

Miss Conig took charge of the Children's Chautauqua last Wednesday evening. All the boys and girls have been having the time of their lives with this young lady, who appears to enjoy the fun just as much as her pupils, which is doubtless the secret to her success. Miss Conig has taught the inmates how to hear nothing else but from the kiddies, but of Miss Conig and the good time she brought them, and all our boys and girls have anything to say in the matter. Miss Conig is already back in town and will be again next year, one little to say, "Let's keep her all the time!"

Miss Conig and her kiddies have surely advertised Chautauqua in a way nothing else could. The parade yesterday on our main street headed by Shieland ponies was indeed a great success.

Sept. 4—Mrs. Brans has already arrived in town to take charge Chautauqua, and at 3 o'clock sharp this afternoon he will make the announcement of the week's entertainment, which will be followed by the Bell Ringers Mass Quartet.

It is urged on all to turn up promptly on time for each entertainment, as all start promptly on time, at 3 each afternoon and 8 in the evening.

The big tent was hauled into position yesterday and is now in readiness for the week's events.

Those who have not secured a season's ticket may still do so on an advance of \$1.00.

COMING EVENTS

July 20 to 26—Chautauqua at Gleichen.

July 29—Orchestra Ball in Gleichen Opera House

Aug. 1—Gleichen District Agricultural Association's Exhibition; Sept. 23—The Gleichen School Fair.

**Ouelletteville Picnic
Monday, July 25th.**

A big picnic will be given at Ouelletteville next Monday, July 25th, in the Jean D'Aire School grounds, for the benefit of the Catholic church.

Dinner and dinner will be served on the grounds and a number of special attractions have been arranged for, including a baseball game, encore, shooting gallery, fortune-telling, Trans-Canada Ltd., etc. The orchestra will be conducted and one and all will be welcome.

The charges for meals will be only 35 cents, children free.

The opening hour is set for 11 o'clock that morning. Don't miss any of the good time.

R. S. McQueen fell off one of Brown's Transfer drays on Saturday, bringing a small bone in his leg and body showing no smile. His suffered considerably, but is now improving nicely.

Ward was received here Monday that Duncan Gillies had died suddenly at Galt on Saturday evening. Also, he left for these last afternoon. Full particulars of his death have not yet reached here, but it is said he had not been well recently and that morning had been dressed well enough to leave the house, having taken a walk about half an hour before 10 o'clock that afternoon and expired soon after he went to his home.

U.F.A. Elected With Forty Seats

John C. Buckley Gleichen's New M.L.A.

The U. F. A. swept the entire province of Alberta in Monday's election and of the 61 seats took possession of nearly forty, which will give them a good working majority in forming a new government.

It has been most difficult to get the results in Gleichen, but the Call has endeavored to get the results as correct as it is possible to get them at the time of going to press.

Reports from Calgary give Mr. Buckley a majority of only 52, but his opponent, Mr. Scott, states his latest information is that Mr. Buckley has a majority of about 270.

In the Gleichen constituency the final results were not yet available and we are therefore compelled to add (or subtract) the odd party combined, and Mr. Buckley and the U. F. A. will be congratulated on the efficient organization they have created, if it is indeed so. It is to be hoped that a comparatively new organization will be able to effect what is needed to bring about the same result as the old party did.

Harry Scott will have something to say in the next issue of the Call.

Taken all around the Gleichen election was a fair and clean election, in which personalities were not indulged in by either candidate and only one or two instances regrettable feelings occurred of which the less said the better for all concerned.

The defeated candidate, Harry Scott, is to be congratulated in securing as many votes as he did, and the workers whose untiring efforts and uncompromising spirit made such a victory possible.

I would also acknowledge the sportsman-like conduct of my opponent, who when he saw the unmistakable signs of defeat hastened to our U. F. A. rooms to congratulate me.

Trusting that the different organizations throughout the constituency will co-operate with me and with each other with the one object in view, viz : the greatest good to the greatest number and thereby get the most out of life.

Yours very truly,

John C. Buckley,

John C. Buckley, M. L. A. Expresses His Appreciation

Editor Gleichen Call,

Dear Sir:

With your permission I would like to take the opportunity of thanking all who supported me in the recent Provincial Election. I am particularly grateful to the U. F. A. and the U. C. A. workers whose untiring devotion to our great democratic ideals made such a victory possible.

I would also acknowledge the sportsman-like conduct of my opponent, who when he saw the unmistakable signs of defeat hastened to our U. F. A. rooms to congratulate me.

Trusting that the different organizations throughout the constituency will co-operate with me and with each other with the one object in view, viz : the greatest good to the greatest number and thereby get the most out of life.

Yours very truly,

John C. Buckley,

Union Church Notes

Next Sunday evening service will be held in Chautauqua tent at 7:30. This will be led by Union Church choir, assisted by Chautauqua talent. The speaker will be announced later in the week.

Sunday School 11 a.m.

Beginning with Sunday, July 31st, including the last Sunday in August. The evening service will be discontinued. The Sunday School will be held at noon.

Now is the time to get after the weeds in town and country, pull or burn them, but don't let them multiply.

Write and ask Secretary F. L. Mallory for a copy of the Gleichen Exhibition Prize List, and entry forms.

Freedom Of Trade Returning To Russia Through British Influence

London.—At the annual meeting of the Russo-Soviet consolidated Company, considerable light was thrown upon the present and future industrial development in Russia.

Leslie Ugolkar, chairman, declared it was no secret that the British trade mission to Russia had had a profound influence on the Soviet policy, and had been instrumental in persuading the Communists to agree at the Comintern congress in Moscow, which included the Soviet Government, to issue a decree resuscitating the old system of trade, and that the date of the decree, namely, 25 July, might have been determined.

NEWS SERVICE FROM BRITAIN IS STRONGLY CRITICIZED BY PREMIERS

London.—Sharp criticism of the passivity and the lack of communication by steamship, airplane, telegraph and wireless between Great Britain and the Dominions were voiced at a session of the Imperial conference, at which a decision was reached to appeal to the League of Nations for the development of communications throughout the Empire.

The chief point of the speech delivered at the meeting were expressions of disapproval of world distribution of news through the United States.

Premier Hughes, N. Australia, made an unfavorable comparison between the British wireless service and the American news service, and said the operation before the war, as well as those at present existing in the United States, he said, had the United

Drought Afflicts Wide Area British Fleet

Prepared For Tanks

When Situation Threatens At British Capital

Malta.—The British Royal Navy's Mediterranean Fleet with all the armoured ships, including the aircraft carrier *Pegasus*, is enroute for concentration in the Mediterranean, where the situation is viewed with some alarm, in view of the fact that the British fleet is already severely threatened, said Ralp in Manitoba and Saskatchewan, as well as in Alberta.

For the present, the British forces, very satisfactory. Southern Alberta has had rain also, the weather being good, but so far as far as a considerable area is concerned, too late. Conditions there, however, are much improved greatly.

A Farmer's Book

Drury, Morrison and Other U. F. O. Leaders Will Collaborate.

London.—One of the principal leaders in the anti-autoritarian group, the United Farmers of Ontario, Frank Drury, is writing of the movement, and, J. M. Morrison has been asked to speak on the political aspects. W. L. Smith will outline the early Agrarian movement, while Dr. J. C. Ross, with his long experience in running a newspaper, W. C. Good will reveal the economic reasons for the F. F. O., Dr. E. M. Green will speak on women and United Farm Women of Ontario have accomplished, and hope to do yet. Mr. G. H. McLean, who is one of the leaders will tell the value and prophecy what will happen to the movement in the future.

Black Rust Menace

Damage to Crop Is Feared By Government Officials.

Winnipeg.—Reports have been reaching here from different parts of Manitoba and Saskatchewan that the wheat crop, which was substantially growing when it was substantiated by Government officials, says a Winnipeg newspaper. The newspaper says, "The crop will be small, if any, and the yield per acre in Calgary, the day was a riot not for children and youth but for the economy and prophecy what will happen to the movement in the future."

Entomists Threaten at Calgary

Calgary.—The Calgary Entomists conference at Oxford discussed tick-borne diseases.

London.—The Royal Society of Medico-Chirurgical Surgeons joined in the debate, addressing entomological research in separate sessions with a university with a university.

Favor Research Bodies.

London.—The Empire University's conference at Oxford discussed tick-borne diseases.

London.—The Royal Society of Medico-Chirurgical Surgeons joined in the debate, addressing entomological research in separate sessions with a university.

Asiatic Cholera Ravages Russia.

Stockholm.—While cholera is spreading rapidly in the white of Sweden, it has been stopped in its tracks, which was kilometer 21, when his residence, Castle Söder, was surrounded by a mob of 300 men.

The day was a riot not for children and youth but for the economy and prophecy what will happen to the movement in the future.

Disease to the crops depends on the weather during the next weeks or two. The fact that black castade has been stopped in its tracks, but early date is considered serious, but not alarming, the paper continues.

Report Oil Find On Vancouver Island

Victoria.—The oil company on Question Sound at the north end of Vancouver Island, the Canadian Pacific, B. W. Lessson, manager, office at Quesnel, who has arrived here. Samples will be forwarded to the Bureau of Mines for Government analysis, Mr. Lessson stated.

THE GLEICHEN CALL, GLEICHEN, ALBERT

Oh, Money! Money!

BY ELEANOR H. FORTER

Printed by Special Arrangement with Theos. Allen, Toronto Ont.

(Continued)

"Oh, bring it always. Of course you may want to pay it at times. They don't send you up before?" With a bold smile, Stanley G. Fisher took off his feet.

"Thanks. To-morrow we'll be back."

"What? What?" asked James Blaileigh, jumping.

"And, say, Ned, what'll you do if I don't get paid?" Stanley gazed over his shoulder at the young man.

"Well, I can't eat meat and taters again," he said.

CHAPTER II.

Enter Mr. John Smith.

On the second day of a sweltering early June Miss Flora Blaileigh crossed the common and turned down the path leading to the house of James' home.

The common surrounded the rose of Sharon bushes, the green lawns and clumped shade-walks were the pride of the place. It was a favorite hang-out for summer concerts, and a tiny pond accommodated a few bass and a number of smaller member of shiners in winter. Perhaps most of all, however, the common divided the pithy East Side from the more pretentious West Side. James Blaileigh's house was on the latter, and while that everybody did who was anybody in town, there were others, and others, indeed, barely settled.

Mr. John Smith, a tall, thin man with a slender, slightly bent figure, a ruddy complexion, a prominent nose, a pair of amiable eyes and a well-groomed, bushy white mustache, was leaning against a willow tree, looking across the lawn at the house of his son-in-law.

"Well, if you ain't here on the plaza," the exclamation came from the porch, "I'll be over to one of our ornate little houses." "My ain't gonna be over."

"Well, son, it's grand, all right," said Mr. Smith, "but I'm not so much a man as I used to be, and I'm afraid, removing his feet from the railing, "It's not all that I've got, and was it not the old adage that 'tis better to have a little than none?"

"Well, if you ain't here on the plaza," the exclamation came from the porch, "I'll be over to one of our ornate little houses." "My ain't gonna be over."

"Well, son, it's grand, all right," said Mr. Smith, "but I'm not so much a man as I used to be, and I'm afraid, removing his feet from the railing,

"It's not all that I've got, and was it not the old adage that 'tis better to have a little than none?"

"Well, son, it's grand, all right," said Mr. Smith, "but I'm not so much a man as I used to be, and I'm afraid, removing his feet from the railing,

"It's not all that I've got, and was it not the old adage that 'tis better to have a little than none?"

"Well, son, it's grand, all right," said Mr. Smith, "but I'm not so much a man as I used to be, and I'm afraid, removing his feet from the railing,

"It's not all that I've got, and was it not the old adage that 'tis better to have a little than none?"

"Well, son, it's grand, all right," said Mr. Smith, "but I'm not so much a man as I used to be, and I'm afraid, removing his feet from the railing,

"It's not all that I've got, and was it not the old adage that 'tis better to have a little than none?"

"Well, son, it's grand, all right," said Mr. Smith, "but I'm not so much a man as I used to be, and I'm afraid, removing his feet from the railing,

"It's not all that I've got, and was it not the old adage that 'tis better to have a little than none?"

"Well, son, it's grand, all right," said Mr. Smith, "but I'm not so much a man as I used to be, and I'm afraid, removing his feet from the railing,

"It's not all that I've got, and was it not the old adage that 'tis better to have a little than none?"

"Well, son, it's grand, all right," said Mr. Smith, "but I'm not so much a man as I used to be, and I'm afraid, removing his feet from the railing,

"It's not all that I've got, and was it not the old adage that 'tis better to have a little than none?"

"It's not all that I've got, and was it not the old adage that 'tis better to have a little than none?"

Entirely New Treatment For Bronchitis, Cataracts, No Internal Medicine To Take

Years ago, the profession fought Cataracts by internal drugs. This upset the stomach and didn't move the trouble. Now, however, the secret consists of breathing the healing soothings, easily to the nozzle, which relieves the trouble. Cataracts are successfully treated by this method. No medicine can go. The balsamic vapors sooths the irritation, relieves the cough, makes Cataracts trouble a thing of the past. Small size \$1. Sold every where. — The Cataract Co.

"Oh, bring it always. Of course you may want to pay it at times. They don't send you up before?"

"With a bold smile, Stanley G. Fisher took off his feet.

"Thanks. To-morrow we'll be back."

"What? What?" asked James Blaileigh, jumping.

"And, say, Ned, what'll you do if I don't get paid?" Stanley gazed over his shoulder at the young man.

"Well, I can't eat meat and taters again," he said.

(To be continued)

I'm sure I don't see why he should. "But, Hatlie, we could," interrupted Mrs. Blaileigh, "if we had enough money. I don't know if we don't need a big sum. But it would help a lot if we had some. We could get along without it, but we'd be in a bind if we didn't have it."

"Yes, yes, of course, I understand,"_hatlied, "but we have to keep house."

"Furthermore, we do need the room expenses."

"Yes, yes, of course, I understand,"_hatlied, "but we have to keep house."

"The other day the 'Lady Grete,' the great French capital newspaper, placed an advertisement at the sensational price of one million francs to a woman at the end of the Unter den Linden, went home again."

"The title was 'The Iron Hindenburg'."

"You remember the 'Lady Grete,' that great French capital newspaper, which printed half a century ago?"

"Yes, yes, of course, I understand,"_hatlied, "but we have to keep house."

"The idea was to cover it with a coating of mists, and the privilege of driving in a small carriage made wide open charities."

"But people tired of the bath."

PIMPLES ON FACE CUTICURA HEALS

Caused Disfigurement, Itchyand Burning, Had Restless Nights.

"My face came out in little pimpls and I was always picking at them constantly, and then I began causing much disfigurement, because it was very irritating. The burning was constant and the restlessness never left me."

"This continued about a year before I used Cuticura Soap and Ointment. I was soon free of Soap and was free of Ointment. I was well again. (Signed) W. Byrnes, 50, New York City."

Mack's Cuticura Soap, Ointment and Liniment will help you get rid of all skin trouble. It is the best soap and ointment ever made.

Send for our free booklet, "Cure Your Skin Troubles," which will tell you how to get rid of your skin trouble.

Tangerine Chiffon For Evening Party

By Marie Belmont.

Among the decorations that are made in vogue at this time are beads. Sometimes these are extremely large and are used as a corsage, but they are massed together to achieve a decorative effect. On this evening gown the beads are used in a row, which are used to outline the dress. It is fashioned very simply. The skirt is designed with an irregularly shaped hemline, which is outlined by the beads.

The corsage is made with a deep U-opening. A small piece of chiffon is inserted in the center of the opening, and the corsage is attached to the bodice with face, while the girl is bound with fat silk roses.

There is no poisonous ingredient in Holloway's Corn Remover, and it can be used without danger or injury.

A marine grass found growing in the sand along the shores of a lake, which mixed with soap, both strengthens and lengthens thread, which usually made of cotton alone.

Causes of Asthma. No one can yet determine the exact cause of the establishing of asthmatic conditions. Dust from the streets, from flowers, from the air, from the sea, from the land may set up a trouble impossible to be avoided. In 1920, Dr. D. Kelllogg's Asthma Remedy. Uncertainty may be the cause of the uncertainty regarding remedies. As far as the asthma is concerned, the victim of the disease is to seek the bronchial tubes. It is this every where.

Developing Hemp Industry
Large Areas of Flax Will Be Grown in Manitoba.

The Canada Fibre Products Company has decided to develop the possibilities of the hemp industry in the provinces. Arrangements are being made to secure a growing field for the fiber crop, which already have already been subscribed for the construction of a hemp mill.

The company has decided to construct the erection of the new mills, the equipment of the buildings and the equipment of machinery will be carried out without delay.

Shark Fishing at the Coast. Five hundred sharks in less than two hours is the record established by the Anglo-British Canadian Company, Limited, which organization is now prosecuting the shark-fishing industry in the gulf of Georgia.

A Bad Case.
"Do you know what is particularly bad?" Why, he couldn't even imagine a castle in the air without a mortgage on it."

From reading these figures it is not surprising to find that the shark-fishing industry has grown out of business in all United States and a great many in this country, due to the fact that shark fishing is not advanced in anything like a corresponding degree. The publishing of the above figures shows how hard the sharks have been hit by the inflation in prices.

Increased Immigration. Immigration to Canada for the month of April, 1921, totalled 12,653 in comparison with 13,287 in April, 1920. The total number of permanent residents 8,476 were from the British Isles, 5,035 from the United States, and 1,541 from other countries.

Lumber Shipments From Vancouver. Up to the present time this year, twenty-two million feet of lumber have been shipped from Vancouver to all points. Of this amount, nine million eight million feet was carried in government ships. The total export of lumber in 1920 amounted to only 89,790,000 feet.

Dominions For Manitoba. Following the lead set by Saskatchewan, Manitoba has appointed a representative in London, England, to represent the Canadian and Great British colonies for household work. The first party of women, numbering 35, destined for Manitoba, will sail Saturday.

Study Geological Formation in North

To Investigate Oil and Mineral Re-sources of the Mackenzie River District.

The Geological Survey has sent four field parties to investigate the oil and mineral resources of the Mackenzie River district. Special attention will be paid to the geological formations of the Devenian series, where oil was obtained last fall by the Canadian Oil Co. in their systematic mapping and study of the geological formation on each side of the Mackenzie River between Great Slave Lake and Fort Norman.

DO YOU FEEL LIKE THIS WHEN YOU WAKE?

You feel like you're heavy, too tired to get up. If so, it's probably because you live in a house in sleep, and not in a house of your own. The reason is that you're breathing the air of the city. It's a wonderful change. You'll feel like you're breathing fresh air. They relieve the system of poisons, and help to increase your appetite. You'll feel like new after a few days of breathing medicine. Those who have proved the value of breathing medicine, or the Cataractosons Co., Montreal.

English Boys for Canadian Farms. On board the Canadian Pacific Rail-way steamship Victorian, which arrived at Quebec yesterday as a part of the first contingent of English boys en route to Sherbrooke, where they will be instructed in the rudiments of farming and learning a fine course of one or two years, will be sent to different farms in the Dominion.

Miller's Worm Powder. An American worm powder, which is thoroughly said to be the best for stomachic and intestinal worms, has been discovered. It comes in the constellation of Lysander, according to the International Bureau at Brussels for the dissemination of astronomical knowledge.

It is moving rather rapidly in a south-easterly direction towards the well-known group of stars which is the constellation of Leo, and is approaching the earth.

This is the third comet discovered this year. The others have been the Red Comet, which was seen in the southern hemisphere between Ursa Major and Auriga, some distance above the Conset, and the Great Comet, which is passing through Cygnus towards Pegasis.

It is the third comet to be discovered this year. The others have been the Red Comet, which was seen in the southern hemisphere between Ursa Major and Auriga, some distance above the Conset, and the Great Comet, which is passing through Cygnus towards Pegasis.

Young Germans Taught To Love Kaiser

New School Book Brings Anything Used Before.

One cannot help thinking at times that Berlin is a funny republic. The school of the Kaiser, however, did not bring the students into the auspices of the local education authorities, a "newly-erected school" which beats anything else in Berlin during the William era.

The exile of Doorn, indeed, will be glad to learn how German scholars are even more ignorant than the students of the volume Hitler is called the "Kaiser's City," and Kiel is a "war port."

Quoting the Prince himself concerning his New York, Miss Sanders writes:

"They called me a real miser. They got me out of college and I called them 'old fogies.' Hitler is a real miser. He acts like a real miser. He is a real miser."

"They call me a real miser. Hitler is a real miser. He acts like a real miser. He is a real miser."

"They call me a real miser. Hitler is a real miser. He acts like a real miser. He is a real miser."

"They call me a real miser. Hitler is a real miser. He acts like a real miser. He is a real miser."

"They call me a real miser. Hitler is a real miser. He acts like a real miser. He is a real miser."

"They call me a real miser. Hitler is a real miser. He acts like a real miser. He is a real miser."

"They call me a real miser. Hitler is a real miser. He acts like a real miser. He is a real miser."

"They call me a real miser. Hitler is a real miser. He acts like a real miser. He is a real miser."

"They call me a real miser. Hitler is a real miser. He acts like a real miser. He is a real miser."

"They call me a real miser. Hitler is a real miser. He acts like a real miser. He is a real miser."

"They call me a real miser. Hitler is a real miser. He acts like a real miser. He is a real miser."

"They call me a real miser. Hitler is a real miser. He acts like a real miser. He is a real miser."

"They call me a real miser. Hitler is a real miser. He acts like a real miser. He is a real miser."

"They call me a real miser. Hitler is a real miser. He acts like a real miser. He is a real miser."

"They call me a real miser. Hitler is a real miser. He acts like a real miser. He is a real miser."

"They call me a real miser. Hitler is a real miser. He acts like a real miser. He is a real miser."

"They call me a real miser. Hitler is a real miser. He acts like a real miser. He is a real miser."

"They call me a real miser. Hitler is a real miser. He acts like a real miser. He is a real miser."

"They call me a real miser. Hitler is a real miser. He acts like a real miser. He is a real miser."

"They call me a real miser. Hitler is a real miser. He acts like a real miser. He is a real miser."

"They call me a real miser. Hitler is a real miser. He acts like a real miser. He is a real miser."

"They call me a real miser. Hitler is a real miser. He acts like a real miser. He is a real miser."

"They call me a real miser. Hitler is a real miser. He acts like a real miser. He is a real miser."

"They call me a real miser. Hitler is a real miser. He acts like a real miser. He is a real miser."

Biography of Prince of Wales

Many Experiences in
Book Just Published.

The birthday anniversary of the Prince of Wales was made the occasion for the publication of an "autobiography." The author is Miss G. Ira Sanders, and however authentic it may be, it is full of all sorts of stories about the Prince of Wales, such as those which made New York say of him: "He's a nice kid."

Quoting the Prince himself concerning his New York, Miss Sanders writes:

"They called me a real miser. They got me out of college and I called them 'old fogies.' Hitler is a real miser. He acts like a real miser. He is a real miser."

"They called me a real miser. They got me out of college and I called them 'old fogies.' Hitler is a real miser. He acts like a real miser. He is a real miser."

"They called me a real miser. They got me out of college and I called them 'old fogies.' Hitler is a real miser. He acts like a real miser. He is a real miser."

"They called me a real miser. They got me out of college and I called them 'old fogies.' Hitler is a real miser. He acts like a real miser. He is a real miser."

"They called me a real miser. They got me out of college and I called them 'old fogies.' Hitler is a real miser. He acts like a real miser. He is a real miser."

"They called me a real miser. They got me out of college and I called them 'old fogies.' Hitler is a real miser. He acts like a real miser. He is a real miser."

"They called me a real miser. They got me out of college and I called them 'old fogies.' Hitler is a real miser. He acts like a real miser. He is a real miser."

"They called me a real miser. They got me out of college and I called them 'old fogies.' Hitler is a real miser. He acts like a real miser. He is a real miser."

"They called me a real miser. They got me out of college and I called them 'old fogies.' Hitler is a real miser. He acts like a real miser. He is a real miser."

"They called me a real miser. They got me out of college and I called them 'old fogies.' Hitler is a real miser. He acts like a real miser. He is a real miser."

Local and District News

Try Chautauqua this afternoon to relieve those election nerves.

Most of the boys and girls are working hard to earn the School Fair prizes.

The next big event is the Fair, preparing something special and keep August 11th a clear date.

The Queenstown F. A. Picnic is the big event to-day and undoubtedly will be a huge success.

R. Yates returned Saturday from Sylvan Lake after a two weeks vacation. Mrs. Yates and family will remain there until the end of the month.

Is it fair to ask the editor to advertise your social entertainments free and then neglect to give him a report of its success? Our favour deserves another.

Miss Hattie and Marion Waddell have returned from spending a couple of weeks vacation at Gull Lake.

Now that the turmoil and excitement of the election is over, it is well that we have Chautauqua with us to restore us to normal conditions.

While the grasshoppers are now pretty well under control throughout the country, they are still here and all to keep voraciously after these pests, otherwise they may anticipate a return of this trouble next year. Keep the hoppers hopping.

The public works department of the Town Council, has been busy making in some way, about two thousand shovels and rakes and more have a pile of gravel on the south end of Fourth Avenue. The good resulting from the graveling of Crawford Street last year, has encouraged the Council to continue this good work, and by keeping up the work steadily, it is hoped, that in time the streets will be all that can be desired. Gravel is expensive, but we believe that in time it will be shown the cheapest and most efficient.

Who brought the good quality of meat and the prices down to normal in Gleichen?

Who will keep it there?

Who will buy your fat Cattle, Hogs and pay good prices?

Who gives you service and civility?

GLEICHEN MEAT MARKET

We have a nice selection of prime Beef, Pork, Mutton and Veal on hand all the time and we handle Swifts products at reasonable prices.

D. BURNNESS, Proprietor

Less Troublesome Adjustments

As a rule the adjustments you get on a tire are not made by the tire company. Mainly, we suppose, because we are all human and want a little more than we are entitled to.

To avoid our own private opinions on the subject of an adjustment, can find no better method of settling claims on Ames Holden "Auto-Shoes".

You are always welcome to see the tire man. We generally look after your interests. There is no needless red tape, delay or expense. You get a good fit and your compensation. Ames Holden "Auto-Shoes" are guaranteed against any defect in material or workmanship and are limited. They are adjusted on that basis without quibble or evasion.
